

## Achieving Production Goals. Leading Productive Lives.

For more than 25 years, Goodwill of Orange County has consistently helped companies achieve their production goals through our Packaging and Assembly Services. We hire people with disabilities and other barriers to independence who excel at the type of exacting work required in packaging and light assembly. But these motivated workers earn much more than paychecks – they earn a sense of independence and pride. And the community benefits by keeping jobs in Orange County, rather than outsourcing to other countries.
